Diploma in Computer Engineering

**CGPA: 8.47**

**Gandhinagar Institute of Technology | 2019 - 2022**

Bachelor in Computer Engineering

**CGPA: 8.05**

## Projects

- **Let's Locate** - Let's Locate provides platform to get information about Bus, Bus Routes, Nearby Bus Station and so forth from one application. People can also know the live location of bus using the application.
- I worked on the database of this project. We used firebase as our database to store , retrieve and manage user's data.
- **Paid Guest** - Paid Guest is an android based application that helps the people (user) to search for the Paying Guest (PG) as per their desired location. The PG owners can advertise the PG details by registering into the application. The users can view those details and make use of this information to search for the PGs according to their needs.
- I worked on the UI and Database of this project. We used android studio for the design and Firebase for database of the respective project.
